

ECFC FAST FEET SEQUENCE

- 1. TAPS to INIESTA:** Tap the ball quickly between left and right foot, followed by quick movement forward.
- 2. RONALDO CHOP:** Approach the ball at a slight angle. Pop forward to plant your off foot in front of the ball shielding it from the defender, while simultaneously kicking the ball with the inside of your other foot, so it crosses behind your plant leg.
- 3. ROLL - STOP:** Tap the ball quickly between left and right foot while rolling the ball from one foot to the other. Must travel laterally a couple feet.
- 4. MATTHEWS-SCISSORS:** Tap the ball quickly between left and right foot, with your right foot gently nudge the ball towards the inside plane of your body, then slide your right foot all the way around the ball back to front, to finish, take the ball with the outside of your left foot and push it out to the left side of your body at a 45° and explode away.
- 5. FAKE PASS:** Tap the ball quickly between left and right foot while making a fake pass with the inside of the foot over the ball, then role the same foot back over the ball and turn using the outside of that foot.
- 6. STOP-TURN:** Tap the ball quickly between left and right foot, act as if you are going to pass, stop ball With sole of foot and turn quickly in opposite direction.
- 7. STEP OVER:** Tap the ball quickly between left and right foot, swing your leg outside and around the ball, then turn the opposite way and direction, taking the ball with opposite foot.
- 8. DRAG BACK:** Tap the ball quickly between left and right foot, pull the ball back from in front of your body and push the ball to the same side at a 45° with the inside or outside of the same foot.
- 9. CRUYFF TURN:** Tap the ball quickly between left and right foot then quickly hook it back behind the non-kicking foot and change direction.
- 10. FLICK BEHIND:** Tap the ball quickly between left and right foot then pull the ball back with the front part of your foot and flick it behind and forward the standing leg.
- 11. ZIDANE:** Tap the ball quickly between left and right foot, place your right foot on top of the ball, slide it over the ball while turning half way. Now place the left foot on the ball and drag it into the other direction completing the spin turn.
- 12. MATHEWS:** Tap the ball quickly between left and right foot, with your right foot gently nudge the ball towards the inside plane of your body, in conjunction with a little hop on the standing leg, slide your right foot around the back of the ball, use the outside of the same foot and push the ball out to the side of your body at a 45°
